

THIS SAUCE FIGHTS FOOD WASTE

Each year roughly 33 million tons of nearly perfect vegetables never make it to your plate. That's a colossal waste of food and water and creates massive amounts of greenhouse gases. Matriark works to solve this problem by upcycling the high-quality, nutritious, US-grown tomatoes that are in this carton.

Each 18 oz carton =

0.4

pounds of tomatoes diverted from landfill

50

gallons of water saved

1.0

pound of greenhouse gases reduced

Gentle Marinara

We call our Marinara "Gentle" because it has no onions and only a hint of fire-roasted garlic so it's easy on the tummy.
